

CERTIFICATE OF ANALYSIS

HUMAN RECOMBINANT PROTEINS

Recombinant Human PAPP-A Fragment

Product code: P389-7
Batch No: 809-146
Product presentation: Supplied frozen in PBS buffer containing 50% glycerol.
Purity: Nominally > 95%.
Source material: Expressed in E.coli.
Storage: Below - 15°C.

Analysis

SDS-Polyacrylamide Gel
Electrophoresis.

Concentration as determined by
optical density at 280nm.

Specifications

To show a single band
corresponding to molecular
weight of 25.75 kDa.

Report result.

Results

Pass.

40 µg/ml.
